KWELA TILES
HANDMADE TO "IMPERFECTION"

| AUTHORISED KWELA TILES® SUPPLIER

THE SILENT WOMAN®

AFFORDABLE LUXURY. QUIETLY DONE. IMPOSSIBLE TO IGNORE.

They say silence is golden. We happen to make gold-worthy statements.

Established in 2025, The Silent Woman® is a family-owned South African business turning terrazzo and resin into distinctive, handcrafted creations. Our philosophy? Darling, ordinary was never the brief.

As an authorised supplier of Kwela Tiles, we combine craftsmanship, creativity and customisation to bring your vision to life, without the extravagant price tag.

From a striking centrepiece to the finishing detail that brings an entire space together, we believe the difference is in the details. Every project is an opportunity to create something individual, beautifully finished and built around your requirements.

WHAT WE CREATE

- Bespoke terrazzo and resin table tops
- Statement coffee tables
- Custom bullnose profiles and step edges
- Architectural steps and copings
- Resin-based tiles and mosaics
- Made-to-measure solutions for residential and commercial projects

We work with homeowners, architects, interior designers, developers and contractors who appreciate quality, value and designs that dare to be different.

Our promise is simple: personal service, attention to detail and craftsmanship that speaks for itself.

Our name may be The Silent Woman, but our work has other plans.

Have an idea that is a little different? Good. We like a challenge.

SOUTH AFRICAN CRAFTSMANSHIP. UNMISTAKABLE CHARACTER. AFFORDABLE LUXURY.

The story behind the secret

The establishment of Kwela Tiles in 2002 was inspired by the desire to create a product of timeless beauty, **individually crafted by hand**, and of creating uniqueness to be experienced by people who cherish the beauty of their living space. Kwela® Tiles is the proud manufacturer and wholesaler of individually handmade pool copings, LED copings, steptiles, pebbles and stones, mosaics, trims and skirtings, bullnose steptiles and flatbacks, roundies, listellos and water holds. Aged to create a timeless effect, they will never be fashion-bound, and have earned their place in major shopping centres, hotels and fine homes.

The fine print *(we said it quietly, but we did say it)*

- Colour consistency may differ from batch to batch, so please place your order in full.
- No guarantees on colour matching from one batch to another. Slight variation may occur between sample and order, as veining and mottled effects vary in intensity and coverage.
- One colour may appear differently on smooth and carved ranges. Apart from the standard colours, other colours can be created to suit your specific need.
- Colour matching must be approved and signed for before production starts. No claims will be considered once products have been installed (fixed). Limited warranty on dark colours if not sealed properly.
- Whilst Kwela Tiles endeavours to ensure that any advice, recommendation or information is accurate and correct, the company cannot, because it has no direct or continuous control over where and how its products are applied, accept any liability either directly or indirectly arising from the use of Kwela Tiles products, whether or not in accordance with any advice, specification, recommendation or information given by the company.
- Please follow the recommended fitting instructions. If in doubt, do not install.
- All products are handmade and thus subject to size and colour variation. There will be shade variations in different batches.
- Once products are installed no refunds, credits or returns can be entertained. All products and designs are copyrighted by Kwela Tiles.
